CHRONIC LYME DISEASE? It could be Mycotoxins.

Visit MyMycoLab.com to learn more about how patients suffering from Chronic Lyme Disease are actually suffering from mycotoxins. Recent studies show how the testing for Lyme's disease cross reacts with mycotoxin testing, so people are really suffering from mycotoxins and not Chronic Lyme Disease.

**Register as a MyMycoLab
clinician. Order tests and
test kits. Start ruling in/out
mycotoxins today.**

Making a difference by knowing the difference!
